Current information on the occasion of the corona virus

Dear Sirs and Madames,

Due to the current situation and the dynamic developments in connection with the corona virus, it is crucial for us to ensure the health of our employees and customers. We have taken special measures to guarantee this:

- Implementation of training courses and awareness raising regarding compliance with hygiene measures for all employees
- Increasing hygiene measures throughout the company
- Cancellation of external and internal events / meetings
- Strict spatial and personnel separation of the offices, warehouses and production facilities
- Transition to 2-shift operation in the offices, warehouses, production facilities and in the laboratory
- Working in the home office

Our work plan enables us to reduce social contact with each other to an absolute minimum and still be available for you.

In order to be able to supply you continuously, we will continue to produce. Nevertheless, we would like to point out that we cannot guarantee delivery times in the current situation. We therefore ask for your understanding if there are possible delays.

We will continue to monitor the developments and effects of the virus on an ongoing basis and re-evaluate them daily to take further measures if necessary.

We will do everything we can to ensure that everything continues to run smoothly.

We wish you the best of health.

Sincerely yours

Heinrich Klenk jr. | Stefan Oehler
